**Spring Semester: 8:00 – 5:00 Monday – Friday**

# **903-510-2342**

Students are learning to perform thorough assessments and services. Therefore, multiple visits can be expected and time spent in the dental hygiene clinic may be longer than a typical visit to the dentist. To place your name on a patient resource list, call the number listed above. As time and space becomes available, a dental hygiene student will call you to schedule an appointment. We cannot guarantee that all patients will be accommodated. As each semester draws close to completion, the students will be more limited to the number of new patients they can see.

Note: If it has been longer than 3 years since you have had your teeth cleaned, you may be asked to make an initial screening appointment to determine the extent of your needs.
